OUTDOOR FURNITURE

THE COLORADO COLLECTION / 2026

# Your outside, beautifully considered.

A COLORADO PATIO & SHADE DESTINATION

FURNITURE CATALOG

# The finishing touch to your outdoor room.

A quiet morning chair. A table that brings everyone together. A lounge you will want to use every day.

Elevation Outdoor Furniture brings coordinated collections, lasting outdoor materials and local product guidance to Colorado patios, foothill decks and mountain retreats. Start with the way you want to live outside, then make the pieces, finishes and fabrics your own.

Visit Colorado Patio & Shade in Westminster to compare samples and plan your space. Our team helps you select furniture, confirm dimensions and options, and bring the whole outdoor room together.

Colorado lifestyle scenes in this catalog are illustrative design settings, not completed customer installations. Product photographs show the supplied assortment.

CHOOSE YOUR FOUNDATION

# Strong sun. Real winters. Furniture with substance.

## HDPE poly

Low-maintenance poly lumber with color through the material. Resists rot and splintering; routine painting and staining are unnecessary. Added UV protection helps resist fading.

## Marine-grade polymer

Dense polymer sheet offers a different profile for selected furniture and cabinetry. Confirm construction and finish choices for the specific model.

## Aluminum

A different balance of weight and frame construction. Compare the finish, exposure, hardware and care needs of the pieces in your quote.

Material varies by model. The specified HDPE furniture boards contain 95% recycled material; that statement does not apply to every component or cabinet sheet.

FOUR-SEASON PRACTICALITY

# A mountain patio for more than summer.

## Sun & everyday care

Clean poly with nonabrasive soap and water. Check fasteners and moving parts. Long-term direct sun can cause some fading; shade and covers help reduce exposure.

## Wind & loose items

Compare actual model weights and plan exposed-site placement. Secure cushions and covers, and close umbrellas when conditions require it.

## Snow & soft goods

Store cushions clean and dry. Remove snow buildup gently and keep drainage paths clear. Avoid stacking shoveled snow onto seats and tables.

## Warranty & support

Coverage is specific to the supplied product and use. Ask for current residential or commercial terms, component coverage and care documents with your quote.

COLORADO DURABILITY & CARE

Furniture has no structural snow-load or verified wind-speed rating. Follow the selected product and fabric instructions.

YOUR PATIO. YOUR PERSONALITY.

# A palette that belongs to your home.

## REGULAR POLY COLORS

White · Black · Light Gray · Smoke Gray · Slate · Navy Blue · Weatherwood · Cedar · Chocolate Brown · Sage · Sea Foam

## BRIGHT ACCENTS

Aruba Blue · Kiwi Green · Mango Orange · Pacific Blue · Scarlet Red · Sunburst Yellow

## NATURAL FINISHES

Antique Mahogany · Brazilian Walnut · Coastal Gray · Driftwood Gray · Natural Teak · Seashell

These names reflect options published on the website. Availability differs by material, collection and model. Approve current physical samples before ordering.

MAKE IT YOURS

# Comfort, color and a considered pairing.

## One finish or two

Select a single frame finish or a compatible two-tone pairing. Top, bottom and frame selections vary by model; confirm the exact combination in the order.

## Cushions & sling fabrics

Coordinate cushions, sling fabrics and pillows with the frame and patio. Fabric choices, cushion fit and availability differ between pieces.

## Samples before decisions

Bring your stone, tile or exterior colors to the showroom. Review real finish and fabric samples alongside the models you have selected.

COMPLETE THE OUTDOOR ROOM

# Elevation Signature

Marine-grade polymer cabinetry brings refined door profiles, soft-close function and coordinated exposed sides to a kitchen planned around your home.

Grill & side-burner bases

Door & drawer storage

Sink & refrigeration zones

Finished backs, fillers & panels

EXPLORE OUTDOOR CABINETRY

Cabinetry is a separate product system. Elevation Build Co. can provide an agreed installation scope; utilities, appliances and countertops are coordinated in the proposal.

COMPLETE THE OUTDOOR ROOM

# Elevation Modular Kitchens

A modular alternative with coated-steel cabinet options. Explore Slate Gray and White Shaker configurations, with local guidance on the complete layout.

Storage cabinets

Appliance coordination

Countertop planning

Delivery & installation scope

## EXPLORE OUTDOOR CABINETRY

Cabinetry is a separate product system. Elevation Build Co. can provide an agreed installation scope; utilities, appliances and countertops are coordinated in the proposal.

# Start with the way you gather.

## 01 / Map the patio

Bring overall measurements, doorway widths, access photos and the location of existing shade, fire features and cooking areas.

## 02 / Choose the pieces

Plan dining, lounge seating and useful accents. Match chair and table heights; allow space for pulling out seats and moving around furniture.

## 03 / Refine the palette

Compare physical frame and fabric samples with the house, hardscape and landscape. Confirm model-specific options.

## 04 / Review the whole order

Approve the model schedule, dimensions, finishes, cushions, freight, lead time and delivery or installation scope in writing.

LOCAL PEOPLE. A COMPLETE PLAN.

# Your patio starts here.

Bring your measurements, a few patio photos and the collections you love. We will help turn your list into a coordinated order.

## Furniture & samples

Colorado Patio & Shade helps compare collections, model dimensions and available finishes. Current pricing and lead times are confirmed in your quote.

## Designers & hospitality

For shared courtyards, rooftops, restaurants and amenity areas, review the actual model weights, use requirements, maintenance plan and commercial warranty.

## Installation planning

Elevation Build Co. can provide a written scope for the parts of your outdoor project you would like professionally installed. Confirm responsibilities before ordering.
