The two collections have separate materials, dimensions, accessories, installation instructions and coverage.

KEY FEATURES

1. Our modular system allows endless flexibility — mix layouts, finishes, and configurations to create an outdoor kitchen that fits your space and style perfectly. Built by experts, designed by you.

2. Engineered to perform where others can't. Elevation cabinets are crafted from marine-grade polymer — a weatherproof material that won't absorb water, rot, or fade, even under constant sun or heavy rain. Designed for true outdoor living, MGP keeps your cabinetry looking beautiful and performing flawlessly season after season.

3. Behind Elevation's sleek exterior lies smart ventilation that keeps your gas or propane setup operating safely and efficiently — a seamless blend of design precision and peace of mind.

4. From hinges to handles, strength meets style in every detail. Elevation's stainless-steel hardware is built to withstand the elements — resisting rust, corrosion, and wear while maintaining its sleek finish and effortless function through every kind of weather.

5. Experience the quiet confidence of quality craftsmanship. Elevation's soft-close hinges and drawer slides ensure smooth, silent operation every time — preventing slamming, protecting your cabinetry, and adding a refined touch to every interaction.

ELEVATION

OUTDOOR CABINETRY

A new way to build outdoors.

MODULAR METAL COLLECTION

Refined storage. Flexible layouts. A coordinated outdoor kitchen, one cabinet at a time.

Explore Slate Gray glass fronts and White Shaker styling, with purpose-built cabinets for cooking, preparation and entertaining.

MEET THE COLLECTION

Two styles. One flexible system.

SLATE GRAY

Sleek tempered-glass fronts and brushed aluminum handles create a clean, contemporary look.

WHITE SHAKER

Recessed panel styling brings a bright, classic finish to the outdoor kitchen.

METAL CONSTRUCTION

Steel cabinet bodies with powder-coated finishes and aluminum trim.

SMOOTH OPERATION

Soft-close doors and drawers on applicable cabinet models.

MODULAR DESIGN

Folding cabinet construction and adjustable leveling feet simplify setup.

This collection has its own materials, cabinet sizes, accessories and warranty terms. Polymer collection specifications elsewhere in this catalog apply only to that collection.

SELECT YOUR CABINETS

Slate Gray | Everyday storage

Four versatile 30-inch modules for prep, storage and cleanup. Dimensions shown as W x D x H.

Two-door base

30" x 25.25" x 37.25"

Adjustable shelf and soft-close doors.

One-drawer / two-door base

30" x 25.25" x 37.25"

A top drawer, adjustable shelf and soft-close doors.

Three-drawer base

30" x 25.25" x 37.25"

Soft-close drawers with adjustable dividers.

Sink base

30" x 25.25" x 37.25"

Pre-punched plumbing ports and interior storage. Sink, faucet and top selected separately.

Countertops are selected separately. Confirm finished working height, leveling range and appliance requirements during layout planning.

SELECT YOUR CABINETS

White Shaker | Everyday storage

Four versatile 30-inch modules for prep, storage and cleanup. Dimensions shown as W x D x H.

Two-door base

30" x 25.25" x 37.25"

Adjustable shelf and soft-close doors.

One-drawer / two-door base

30" x 25.25" x 37.25"

A top drawer, adjustable shelf and soft-close doors.

Three-drawer base

30" x 25.25" x 37.25"

Soft-close drawers with adjustable dividers.

Sink base

30" x 25.25" x 37.25"

Pre-punched plumbing ports and interior storage. Sink, faucet and top selected separately.

Countertops are selected separately. Confirm finished working height, leveling range and appliance requirements during layout planning.

SELECT YOUR COOKING STATION

Slate Gray | Built around your grill

Dedicated grill-insert and kamado modules, coordinated with the rest of the collection.

30-inch grill-insert cabinet

34" x 26" x 31"

Designed for many 30-inch grill inserts; verify the exact appliance cutout and support requirements.

36-inch grill-insert cabinet

40" x 26" x 31"

Designed for many 36-inch grill inserts; verify the exact appliance cutout and support requirements.

Kamado cabinet

30" x 26" x 31"

For kamado grills up to 21.5 inches outside diameter. Adjustable support shelf and stainless-steel top included.

Grills are sold separately. Nominal grill size does not establish fit. Confirm clearances, ventilation, utility access and any required insulated liner before ordering.

SELECT YOUR COOKING STATION

White Shaker | Built around your grill

Dedicated grill-insert and kamado modules, coordinated with the rest of the collection.

30-inch grill-insert cabinet

34" x 26" x 31"

Designed for many 30-inch grill inserts; verify the exact appliance cutout and support requirements.

36-inch grill-insert cabinet

40" x 26" x 31"

Designed for many 36-inch grill inserts; verify the exact appliance cutout and support requirements.

Kamado cabinet

30" x 26" x 31"

For kamado grills up to 21.5 inches outside diameter. Adjustable support shelf and stainless-steel top included.

Grills are sold separately. Nominal grill size does not establish fit. Confirm clearances, ventilation, utility access and any required insulated liner before ordering.

COMPLETE YOUR LAYOUT

Turn the corner. Keep drinks close.

Add a corner transition or a refrigerator surround to create a more complete outdoor kitchen.

Slate Gray corner

52" x 26" x 36.5"

A 90-degree transition with adjustable shelving and soft-close doors. Countertop selected separately.

White Shaker corner

52" x 26" x 36.5"

Classic fronts coordinate with the White Shaker collection. Countertop selected separately.

*Fridge not included

Refrigerator surround

30" x 26" x 35"

Fits appliances up to 23.5" W x 24.25" D x 34.25" H. Refrigerator and top sold separately.

Refrigeration requires an outdoor-rated appliance and its specified ventilation clearances. Confirm corner handedness, access and countertop geometry before finalizing the layout.

PLAN YOUR OUTDOOR KITCHEN

A layout for the way you gather.

Combine modules within this collection to build a straight run, an L-shaped kitchen or a compact cooking station.

THE STRAIGHT RUN

Pair sink, storage and drawer modules for an efficient preparation and serving zone.

THE CORNER KITCHEN

Use a corner cabinet to connect two runs and bring more function into the patio.

THE COOKING STATION

Build a focused grilling area with a kamado cabinet and neighboring storage.

SELECT YOUR COUNTERTOPS

Stainless steel. Finishing options.

Coordinate the correct top with each cabinet. Nominal 26-inch and 36-inch top options refer to depth.

Standard cabinet top

30" W x 26.02" D x 1" H

Extended cabinet top

30" W x 36.02" D x 1" H

Standard corner top

52" W x 26" D x 1.77" H

Extended corner top

52" W x 36" D x 1.77" H

Standard sink top

30" W x 26.02" D x 1" H

Extended sink top

30" W x 36.02" D x 1" H

CUSTOM TOPS

A compatible adapter collar is available for custom countertop installations. Confirm cabinet support, loads, overhangs, cutouts and appliance clearances with the countertop fabricator.

MAKE IT YOURS

Small details. Better everyday use.

Add coordinated storage, cleanup and finishing components. Confirm accessory fit with the selected cabinet.

Stainless-steel sink

Drop-in cleanup station

Pull-down faucet

Hot and cold supply lines

Medium pull-out tray

Soft-close organization

Large pull-out tray

Full-width access

Pull-out trash system

Holds two 5.5-gallon bins

White Shaker side panel

Finish an exposed end

Slate Gray side panel

Cover hinges and seams

Plumbing panel

Conceal service runs

Custom-top collar

Support a compatible top

Refrigerator filler kit

Complete the appliance gap

Accessories, appliances and tops are specified separately unless the selected cabinet or package expressly includes them.

DESIGN & INSTALLATION

Build the plan before the kitchen.

Thoughtful dimensions and coordinated services make the finished space easier to use.

01 **Choose your collection**

Select Modular Metal or Marine-Grade Polymer, then choose the finish and door style. Confirm compatibility before combining systems.

02 **Confirm the exact appliances**

Finalize grill and refrigerator models before selecting cabinets. Check cutouts, support, insulation and ventilation requirements.

03 **Lay out the complete footprint**

Account for corners, door and drawer swings, circulation, countertop overhangs and final working height.

04 **Coordinate services and drainage**

Plan gas, power, water and drainage with the appropriate trades. Protect utilities and winterize plumbing for Colorado conditions.

05 **Finalize tops and finishing pieces**

Include sink and faucet selections, exposed-end panels, filler pieces and any custom-top support components.

CARE & PRODUCT COVERAGE

Designed for outdoors. Cared for seasonally.

MODULAR METAL COLLECTION ONLY

ROUTINE CARE

Clean metal, glass and stainless-steel surfaces with mild soap, water and a soft cloth. Rinse and dry. Avoid abrasive pads and harsh cleaners; follow the supplied product instructions for each surface.

COLORADO SEASONAL CARE

Keep drains and ventilation openings clear. Remove debris and standing snow without scratching surfaces. Arrange winterization of water lines, sink and faucet before freezing conditions. Follow appliance instructions for seasonal shutdown.

COLLECTION-SPECIFIC WARRANTY

Published product coverage lists a three-year limited warranty for the cabinet units, stainless-steel tops and sink. The faucet, pull-out trays, trash system, panels, adapter collar and refrigerator filler kit list one-year limited coverage.

Coverage is subject to the applicable written product warranty, eligibility and exclusions. Obtain the warranty supplied with the selected items. The polymer collection care and warranty on the following pages apply to polymer products only.

Elevation Outdoor Cabinetry — Care & Maintenance

Built for Colorado Outdoor Living

Elevation Outdoor Cabinetry is engineered to withstand demanding outdoor environments while delivering a refined, luxury appearance for years to come. Proper care and routine maintenance will help preserve the beauty and performance of your cabinetry system.

Polymer Cabinetry Surfaces (MGP)

To maintain the appearance of your cabinetry, regularly clean surfaces using mild soap and warm water with a soft cloth or soft-bristle brush. Most finishes only require occasional cleaning several times per year depending on environmental exposure.

Lighter finishes, including white and light-toned cabinetry, may require more frequent cleaning to maintain their original appearance due to exposure to pollen, dust, moisture, and airborne contaminants common in outdoor environments.

For stubborn dirt, mildew, or environmental buildup, use a non-abrasive outdoor cleaner or mildew remover approved for polymer surfaces. Rinse thoroughly with clean water after cleaning.

If pressure washing is required:

- Do not exceed 1,200 PSI
- Use a minimum 25-degree spray tip
- Keep the nozzle at least 16”–20” away from surfaces
- Avoid concentrating pressure on edges, seams, or joints

Immediately clean spills such as wine, grease, sauces, coffee, or soft drinks to help prevent staining. Avoid dragging heavy or abrasive objects across cabinet surfaces or countertops, as this may result in scratches or surface wear.

Do not leave flowerpots, metal containers, rubber-backed mats, or moisture-trapping objects directly on cabinetry surfaces for extended periods, as they may cause discoloration or staining.

Stainless Steel Components

Elevation Outdoor Cabinetry utilizes premium stainless steel hardware, hinges, slides, and fasteners designed for outdoor use.

While stainless steel offers exceptional corrosion resistance, all exterior metal components should be periodically rinsed and cleaned in areas exposed to:

- High moisture
- Pool chemicals
- Coastal environments
- Fertilizers or de-icing products
- Heavy airborne pollutants

Routine cleaning with fresh water and mild soap will help maintain the finish and long-term performance of stainless steel components.

Heat & Ventilation Considerations

Outdoor kitchens and grill installations generate significant heat. Always follow appliance manufacturer clearance requirements and ventilation recommendations.

Do not place portable heat sources, charcoal starters, or open flame devices directly against cabinetry components. Proper ventilation should always be maintained around grills, refrigerators, and cooking appliances.

Winter & Seasonal Care

Elevation Outdoor Cabinetry is designed for year-round outdoor use; however, seasonal care is recommended in harsh climates.

For best long-term results:

Remove standing snow accumulation when possible

Keep drainage pathways clear

Clean surfaces before winter storage seasons

Use protective covers on appliances where applicable

Routine care will help preserve the appearance and performance of your cabinetry investment for years to come.

Elevation Outdoor Cabinetry — Limited Warranty

Luxury Outdoor Cabinetry Engineered for Long-Term Performance
Elevation Outdoor Cabinetry products are warranted to the original purchaser to be free from manufacturing defects in material and workmanship under normal residential outdoor use.
This limited warranty applies only to products installed and maintained according to Elevation Outdoor Cabinetry guidelines and applicable local building requirements.
Warranty Coverage
Elevation Outdoor Cabinetry warrants that polymer cabinetry components will not:
Rot
Crack
Delaminate
Structurally fail due to normal outdoor exposure
Premium stainless steel hardware and structural components are selected specifically for exterior environments and are warranted against manufacturing defects under normal use conditions.
Natural weathering, environmental exposure, and normal aging characteristics are considered part of the intended performance of outdoor materials and are not considered defects.
Exclusions
This warranty does not cover damage or issues resulting from:
Improper installation
Structural movement or settling
Acts of nature or severe weather events
Fire, flooding, hail, or wind damage
Misuse, abuse, or neglect
Improper cleaning products or abrasive materials
Excessive heat exposure
Modifications or unauthorized alterations
Surface scratches, minor fading, or normal wear
Staining from chemicals, standing water, fertilizers, or environmental contaminants
Slight expansion and contraction due to temperature and humidity fluctuations are normal characteristics of outdoor materials and are not considered manufacturing defects.
Stainless Steel & Outdoor Environment Notice
All stainless steel products exposed to outdoor environments require routine maintenance. Environmental conditions such as chlorine exposure, coastal air, fertilizers, and airborne contaminants may accelerate surface corrosion if not regularly cleaned and maintained.
Periodic rinsing and cleaning of stainless steel components is required to maintain appearance and performance.

Warranty Limitations
Elevation Outdoor Cabinetry's responsibility under this warranty is limited solely to repair or replacement of defective materials, at its discretion.
This warranty does not cover:
Labor costs
Removal or reinstallation expenses
Freight or shipping charges
Consequential or incidental damages
Damage to appliances, countertops, or surrounding materials
No other express or implied warranties apply beyond those specifically stated herein.

Warranty Claims
All warranty claims must be submitted in writing with:
Proof of purchase
Project address
Photos of the claimed issue
Description of the issue
Claims must be submitted within a reasonable timeframe after discovery of the issue.
For warranty assistance, contact your authorized Elevation Outdoor Cabinetry dealer or Colorado Patio & Shade directly.

Elevation Outdoor Cabinetry
3700 W. 69th Pl. Westminster, CO 80030
Phone: 720-613-6700
Email: info@elevationoutdoorcabinets.com

You must explain the nature of the original defect and include your name, address and telephone number. In the event of a non-warranty repair, you will receive a written estimate prior to any repair work being performed. This warranty gives you specific legal rights and you may have other rights which vary from state to state. As defined by federal law, this is a limited warranty.
Sales by anyone other than an Authorized Dealer voids this warranty entirely.
